

TECHNICAL DATA SHEET

FMY ATF TYPE A

Automatic Transmission and Power Steering Oil

PRODUCT DESCRIPTION

FMY ATF TYPE A, is specially developed to be used in automatic transmission of Ford passenger cars and power steering systems of Ford passenger cars, light and heavy commercial vehicles. Its high viscosity-temperature behaviour enables fast oil circulation at low temperatures and optimum lubrication at high temperatures, so display outstanding performance.

CAHARACTERISTICS

- It prolongs service life of the power steering system by reducing rust, corrosion and oxidation thanks to its special formula.
- It enables the power steering system to operate silently.
- It displays outstanding performance under varying weather conditions due to its high thermal stability.
- It enables silent and nonvibrating gear shifting.
- It provides excellent lubrication by forming optimum oil film and prevents wearing in the gearbox and pump of power steering.

APPLICATIONS

- It is suitable to be used in 4F27E automatic transmissions of Ford passenger cars and automatic transmissions of Ford Rangers manufactured in 2012 and after.
- It is suitable to be used in power steering systems of Ford passenger cars, light/heavy commercial vehicles.

FORD APPROVAL

Ford WSS-M2C938- A

TECHNICAL DATA SHEET

TYPICAL PROPERTIES

Colour		Red
Density @15°C, g/ml	ASTM D 4052	0,842
Viscosity @40°C, mm ² /s	ASTM D 445	29,6
Viscosity @100°C, mm ² /s	ASTM D 445	6,0
Viscosity Index	ASTM D 2270	155
Flash Point, °C	ASTM D 92	210
Pour Point, °C	ASTM D 97	-51

HEALTH and SAFETY RECOMMENDATIONS

Waste products must not be discharged into underground or surface water sources, sewage systems or garbage cans. Prolonged or repeated contact with used products may cause skin diseases. Therefore sterilized gloves should always be used. If part of the skin comes into contact with waste oil, that part should be immediately washed with plenty of soap and water. In case of skin irritation or redness caused by contact, seek advice of your doctor immediately. For more information contact Material Safety Data Sheet (MSDS).

The vehicle and equipment manufacturers specifications and relevant international standards were taken into consideration while preparing the content of this Technical Data Sheet. The expressions in the content of this Technical Data Sheet can not be considered as guarantee commitment or similar way in terms of product characteristics and product use in any applications.

The correct use of this product, compliance with applicable laws and regulations is responsibility of the user. Opet Fuchs Madeni Yağ. San. ve Tic. A.Ş. can not be held responsible for any loss or damage arising from the abnormal use and misuse or any hazards of product content and its results.

This Technical Data Sheet is valid from the date of publication. The information in the content of this Technical Data Sheet are subject to change without notice. Please contact with Opet Fuchs Technical Services Department for more information.
